International Surgery

Official Journal of the International College of Surgeons

QUARTERLY REVIEW

INDEX - Volume 72, 1987

SUBJECTS

Abdominal surgery
Prostetic criteria in intra-abdominal sepsis 185

Aberrant pulmonary artery
The embryologic basis of tracheo-bronchopulmonary maldevelopment 109

Acute abdomen
Massive resection of the small bowel... 25

Acute cholangitis
Percutaneous transhepatic biliary drainage for acute cholangitis 131

Adductor paralysis
CO_2 Laser in laryngeal microsurgery... 175

Age profiles
Age profiles of benign gallbladder disease in 2,000 patients 30

Amputation stump
The osteosarcoma amputation stump: a clinico-radiographical correlation .. 51

Anesthesia, complications
Is the patient asleep? 58

Aortocoronary by-pass graft
Incidence of coronary artery by-pass graft following percutaneous transluminal coronary angioplasty 96

Aphakic cystoid macular edema
Pars plana vitrectomy in the treatment of chronic aphakic cystoid macular edema 214

Arterial reconstruction
Transcutaneous PO_2 response to transient arterial occlusion in peripheral occlusive disease 115

Ascites
Management of colorectal cancer in patients with cirrhosis and a LeVeen shunt 93

Assessment
Assessment of surgical residents' competence based on postoperative complications 230

Autopsy study
Gastric carcinoma after surgical treatment for benign ulcer disease: some pathologic-anatomic aspects 222

Autorenal transplantation
Autorenal transplantation in the treatment of renovascular hypertension 241

Axillary dissection
Influence of the timing of physiotherapy upon the lymphatic complications of axillary dissection for breast cancer 166

Benign gallbladder disease
Age profiles of benign gallbladder disease in 2,000 patients 30

Benign lesions
CO_2 Laser in laryngeal microsurgery... 175

Bilateral synchronous surgery
Synchronous bilateral surgery for calculous disease of the upper urinary tract .. 170

Bile acids
Gallstones and risk of colonic cancer: a matched case-control study 20

Bilioenteric anastomosis
Technique and endoscopic monitoring of the healing process in bilioenteric anastomoses 203

Blood loss
Laser operation for breast cancer 208

Breast cancer
Influence of the timing of physiotherapy upon the lymphatic complications of axillary dissection for breast cancer 166
The modified extended mastectomy using the Trap-Door method as a staging operation 38

Bronchogenic cysts
The embryologic basis of tracheobronchopulmonary maldevelopment 109

Cancer of the rectum
Mechanical anterior resection for carcinoma of the midrectum: long-term results 18

Carcinoma after gastroenterostomy
Gastric carcinoma after surgical treatment for benign ulcer disease: some pathologic-anatomic aspects 222

Cervical thymectomy
Primary hyperparathyroidism due to mediastinal parathyroid adenoma 104

Chest wall tumours
Synthetic prostheses in repair of chest wall defects after exeresis of malignancies 34

Cholecystectomy
Age profiles of benign gallbladder disease in 2,000 patients 30
Gallstones and risk of colonic cancer: a matched case-control study 20

Cholelithiasis
Age profiles of benign gallbladder disease in 2,000 patients 30
Gallstones and risk of colonic cancer: a matched case-control study 20

Cirrhosis
Management of colorectal cancer in patients with cirrhosis and LeVeen shunt 93
Surgical treatment of small hepatocellular carcinomas in cirrhosis 73

Closure of gastrojejunostomy
Surgical management of postvagotomy syndrome 13

CO_2 Laser
CO_2 Laser in laryngeal microsurgery... 175

Colon
Stercoraceous and spontaneous perforations of the colon 235

Colon interposition
Long-term results after esophagoplasty with colon. An endoscopic study... 11

Colorectal cancer
Gallstones and risk of colonic cancer: a matched case-control study 20
Influence of sialomucins at the resection margin on survival of patients with colorectal cancer 129
Management of colorectal cancer in patients with cirrhosis and LeVeen shunt 93
Surgical resection of liver metastases from colo-rectal cancers 70

Competence
Assessment of surgical residents' competence based on postoperative complications 230

Congenital uterovaginal agenesis
Surgical treatment of congenital uterovaginal agenesis: Mayer-Rokitansky-Küster-Hauser syndrome 45

Conventional operation
Laser operation for breast cancer 208

Coronary artery, surgery
Coronary artery bypass surgery in a cadaver kidney transplant recipient . 56

Diabetic macular edema
Pars plana vitrectomy in the treatment of chronic aphakic cystoid macular edema 214

Distal splenorenal shunt
The distal splenorenal shunt: an update on experience of 106 cases 144

Elderly patients, surgical treatment
Gastric cancer in the Elderly: results of surgical treatment 4

Embriology
The embryologic basis of tracheo-bronchopulmonary maldevelopment 109

Emergency care
Potential impact of the advanced trauma life support (ATLS). Program in a Third World Country 179

Endoscopy
Long-term results after esophagoplasty with colon. An endoscopic study... 11

Epithelial ovarian cancer
Primary ovarian cancer 154

Esophageal anastomotic leak
Surgical treatment of cervical anastomotic leaks following esophageal reconstruction 163

Esophageal replacement
Long-term results after esophagoplasty with colon. An endoscopic study... 11

Esophageal varices
The distal splenorenal shunt: an update on experience of 106 cases 144

Esophagectomy
Surgical treatment of cervical anastomotic leaks following esophageal reconstruction 163

ESWL
Extracorporeal shock wave lithotripsy (ESWL) 48

Eventrations
Current surgical treatment of post-operative eventrations 42

Gastric carcinoma
Gastric carcinoma after surgical treatment for benign ulcer disease: some pathologic-anatomic aspects 222

Gastric carcinoma, surgical treatment
Gastric cancer in the Elderly: results of surgical treatment 4

Gastric stump carcinoma
Gastric carcinoma after surgical treatment for benign ulcer disease: some pathological-anatomic aspects 222

Gastroesophageal reflux
Gastroesophageal reflux in the massively obesity 1

General anesthesia complications
Is the patient asleep? 58

Germ cell tumor
Primary ovarian cancer 154

Glottic plane carcinomas
CO_2 Laser in laryngeal microsurgery... 175

Granulosa cell tumor
Primary ovarian cancer 154

Hassab's decongestion operation
Portal pressure measurements before and after Hassab's decongestion operation. A preliminary report 141

Hemodynamic monitoring
Hepatic vascular exclusion (HVE) for major liver resections 78

Hepatic neoplasm malignant
Repeated hepatic resection 87

Herniorrhaphy
Unusual presentation on the right side of ectopic testicular spleen 233

Hexachlorophene
Septisol antiseptic foam: a sensible alternative to the conventional surgical scrub 243

Hypertension
Autorenal transplantation in the treatment of renovascular hypertension 241

Hypothermic preservation
Portal and arterial washout after hypothermic preservation of the pig liver: prevention of hyperkalaemia after revascularization 134

Hysterectomy
Rectus fascia colpopexy for complete prolapse of the vaginal vault after hysterectomy 119

Inferior vena cava
Hepatic vascular exclusion (HVE) for major liver resections 78

Insulin and glucose
Changes in serum insulin levels during orthopedic liver transplantation in the pig 201

Ischemia
Hepatic vascular exclusion (HVE) for major liver resections 78

Kidney
Autorenal transplantation in the treatment of renovascular hypertension 241

Kidney stone
Extracorporeal shock wave lithotripsy (ESWL) 48

Kidney transplant
Coronary artery bypass surgery in a cadaver kidney transplant recipient 56

Laparotomy
Current surgical treatment of post-operative eventrations 42

Laryngo-tracheal stenosis
CO_2 Laser in laryngeal microsurgery... 175

Laser operation
Laser operation for breast cancer 208

Liver
Hepatic vascular exclusion (HVE) for major liver resections 78

Liver cirrhosis
Hepatic resection for tumours in cirrhosis livers 82
The distal splenorenal shunt: an update on experience of 106 cases 144
Unselective end-to-side proximal left-gastric caval shunt without splenectomy. Indications and technique 197

Liver metastasis
Surgical resection of liver metastases from colo-rectal cancers 70

Liver neoplasms
Hepatic resection for tumours in cirrhotic livers 82

Liver resection
Hepatic vascular exclusion (HVE) for major liver resections 78
Surgical resection of liver metastases from colo-rectal cancers 70
Surgical treatment of small hepatocellular carcinomas in cirrhosis 73

Liver transplantation
Changes in serum insulin levels during orthopedic liver transplantation in the pig 201

Marlex mesh prosthesis
Marlex mesh prosthesis for massive vaginal vault prolapse 160

Mastectomy
Influence of the timing of physiotherapy upon the lymphatic complications of axillary dissection for breast cancer 166

Mayer-Rokitansky-Küster-Hauser syndrome
Surgical treatment of congenital uterovaginal agenesis: Mayer-Rokitansky-Küster-Hauser syndrome 45

McIndoe and Branister technique
Surgical treatment of congenital uterovaginal agenesis: Mayer-Rokitansky-Küster-Hauser syndrome 45

Mechanical anastomosis
Mechanical anterior resection for carcinoma of the midrectum: long-term results 18

Mediastinitis
Surgical treatment of cervical anastomotic leaks following esophageal reconstruction 163

Mediastinum
Primary hyperparathyroidism due to mediastinal parathyroid adenoma .. 104

Meso-caval interposition shunt
Prognosis after meso-caval interposition shunt. Experience of eighty-six consecutive cases over a period of ten years 191

Metastasizing
Gastric carcinoma after surgical treatment for benign ulcer disease: some pathologic-anatomic aspects 222

Microlaryngoscopy
CO_2 Laser in laryngeal microsurgery... 175

Morbid obesity
Gastroesophageal reflux in the massively obesity 1

Motor vehicle accidents
Potential impact of the advanced trauma life support (ATLS). Program in a Third World Country 179

Muco-extramucosal anastomosis
Technique and endoscopic monitoring of the healing process in bilioenteric anastomoses 203

Muco-mucosal anastomosis
Technique and endoscopic monitoring of the healing process in bilioenteric anastomoses 203

Non-epithelial ovarian cancer
Primary ovarian cancer 154

Non-operative biliary drainage
Percutaneous transhepatic biliary drainage for acute cholangitis 131

Occlusion of inferior vena cava
Hepatic vascular exclusion (HVE) for major liver resections 78

Operation time
Laser operation for breast cancer 208

Orchiopexy
Unusual presentation on the right side of ectopic testicular spleen 233

Orthotopic liver
Portal and arterial washout after hypothermic preservation of the pig liver: prevention of hyperkalaemia after revascularization 134

Osteosarcoma
The osteosarcoma amputation stump: a clinico-radiographical correlation .. 51

Ovarian tumors
Ovarian tumors in pregnancy. A Community Hospital's five year experience 227

Papillomatosis
CO_2 Laser in laryngeal microsurgery... 175

Parathyroid adenoma
Primary hyperparathyroidism due to mediastinal parathyroid adenoma 104

Pars plana vitrectomy
Pars plana vitrectomy in the treatment of chronic aphakic cystoid macular edema 214

Patellar fracture
Comparative study of knee function after patellectomy and osteosynthesis with a tension band wire following patellar fractures 211

Patellectomy
Comparative study of knee function after patellectomy and osteosynthesis with a tension band wire following patellar fractures 211

Precutaneous transhepatic biliary drainage (PTHBD)
Percutaneous transhepatic biliary drainage for acute cholangitis 131

Percutaneous transluminal coronary angioplasty
Incidence of coronary artery by-pass graft following percutaneous transluminal coronary angioplasty 96

Perforations of the colon
Stercoraceous and spontaneous perforations of the colon 235

Peripheral arterial occlusive disease
Transcutaneous PO_2 response to transient arterial occlusion in peripheral occlusive disease 115

Physiotherapy
Influence of the timing of physiotherapy upon the lymphatic complications of axillary dissection for breast cancer 166

Pigs
Changes in serum insulin levels during orthopedic liver transplantation in the pig 201

Portal hypertension
Management of colorectal cancer in patients with cirrhosis and a LeVeen shunt 93
Portal pressure measurements before and after Hassab's decongestion operation. A preliminary report 141
Prognosis after meso-caval interposition shunt. Experience of eighty-six consecutive cases over a period of ten years 191
The distal splenorenal shunt: an update on experience of 106 cases 144
Unselective end-to-side proximal left-gastric caval shunt without splenectomy. Indications and technique 197

Portocaval shunt
Management of colorectal cancer in patients with cirrhosis and a LeVee shunt 93

Post-hysterectomy vaginal eversion
Rectus fascia colpopexy for complete prolapse of the vaginal vault after hysterectomy 119

Posthysterectomy vaginal vault prolapse
Rectus fascia colpopexy for complete prolapse of the vaginal vault after hysterectomy 119

Postoperative complications
Assessment of surgical residents' competence based on postoperative complications 230

Postvagotomy syndrome
Surgical management of postvagotomy syndrome 13

Potentially evolutive lesions
CO_2 Laser in laryngeal microsurgery... 175

Pregnancy
Ovarian tumors in pregnancy. A Community Hospital's five year experience 227

Primary ovarian cancer
Primary ovarian cancer 154

Prospective assessment
Prognosis after meso-caval interposition shunt. Experience of eighty-six consecutive cases over a period of ten years 191

Prosthetic repair
Current surgical treatment of post-operative eventrations 42

Prosthetic wall defect repair
Synthetic prostheses in repair of chest wall defects after exeresis of malignancies 34

Pyloric reconstruction
Surgical management of postvagotomy syndrome 13

Recurrence
The osteosarcoma amputation stump: a clinico-radiographical correlation .. 51

Recurrence risk factors
Mechanical anterior resection for carcinoma of the midrectum: long-term results 18

Recurrent vaginal vault prolapse
Marlex mesh prosthesis for massive vaginal vault prolapse 160

Regional lymph node metastasis
Regional lymph node metastases in well-differentiated thyroid carcinoma ... 100

Renovascular surgery
Autorenal transplantation in the treatment of renovascular hypertension 241

Repeated resection
Repeated hepatic resection 87

Residual splenic function
Assessment of post-splenectomy residual splenic function. Splenic autotransplants 149

Risk of carcinoma after gastric surgery for benign disease
Gastric carcinoma after surgical treatment for benign ulcer disease: some pathologic-anatomic aspects 222

Schistosomiasis
Portal pressure measurements before and after Hassab's decongestion operation. A preliminary report 141

Sepsis
Assessment of post-splenectomy residual splenic function. Splenic autotransplants 149
Prostetic criteria in intra-abdominal sepsis 185

Shunt
Unselective end-to-side proximal left-gastric caval shunt without splenectomy. Indications and technique 197

Sialomucins
Influence of sialomucins at the resection margin on survival of patients with colorectal cancer 129

Small bowel resection
Massive resection of the small bowel... 25

Small hepatocellular carcinoma
Surgical treatment of small hepatocellular carcinomas in cirrhosis 73

Spinal cord compression
Spontaneous spinal epidural hematoma. 218

Spinal epidural hematoma
Spontaneous spinal epidural hematoma. 218

Spinal hemorrhage
Spontaneous spinal epidural hematoma. 218

Splenectomy
Assessment of post-splenectomy residual splenic function. Splenic autotransplants 149

Splenic autotransplant
Assessment of post-splenectomy residual splenic function. Splenic autotrasplants 149

Staging operation
The modified extended mastectomy using the Trap-Door method as a staging operation 38

Surgical infection
Septisol antiseptic foam: a sensible alternative to the conventional surgical scrub 243

Surgical resident
Assessment of surgical residents' competence based on postoperative complications 230

Surgical scrub methods
Septisol antiseptic foam: a sensible alternative to the conventional surgical scrub 243

Survival rate
Primary ovarian cancer 154

Synthetic prostheses
Synthetic prostheses in repair of chest wall defects after exeresis of malignancies 34

Tension band wire fixation
Comparative study of knee function after patellectomy and osteosynthesis with a tension band wire following patellar fractures 211

Testicular spleen
Unusual presentation on the right side of ectopic testicular spleen 233

Thrombosis of the superior mesenteric artery
Massive resection of the small bowel... 25

Thyroid cancer
Regional lymph node metastases in well-differentiated thyroid carcinoma ... 100

Tracheobronchial abnormalities
The embryologic basis of tracheo-bronchopulmonary development 109

Transcutaneous oxygen sensor
Transcutaneous PO_2 response to transient arterial occlusion in peripheral occlusive disease 115

Transhepatic fibercholangioscopy
Technique and endoscopic monitoring of the healing process in bilioenteric anastomoses 203

Transplant pig
Portal and arterial washout after hypothermic preservation of the pig liver: prevention of hyperkalaemia after revascularization 134

Trauma
Potential impact of the advanced trauma life support (ATLS). Program in a Third World Country 179

Tumours infiltration
Gastric carcinoma after surgical treatment for benign ulcer disease: some pathologic-anatomic aspects 222

Urinary calculi
Synchronous bilateral surgery for calculous disease of the upper urinary tract .. 170

Urinary tract calculi
Extracorporeal shock wave lithotripsy (ESWL) 48

Variceal hemorrhage
Prognosis after meso-caval interposition shunt. Experience of eighty-six consecutive cases over a period of ten years 191

Wound healing
Laser operation for breast cancer 208
